From his earliest days, Frank Wevers remembers praying nightly, "God, help me become a pastor someday-- but don't make me be a missionary!" Little did he know then that he would later discover a pastor and a missionary are the very same thing. Frank graduated from Calvin Seminary in Grand Rapids, Michigan, in 1978. He felt a strong call to spend his life serving local churches. Frank pastored a church in rural Michigan, a new church plant in Jacksonville, Florida, and finally invested 25 years serving Calvary Christian Reformed Church in Holland, Michigan. Throughout his ministry, Frank became increasingly passionate about raising up missional leaders and missional churches. There's no topic he'd rather speak on than the urgent need to reshape local churches into effective missions.
