Dear Member,

BESTMED PHARMACY PREFERRED PROVIDER NETWORK FOR 2021

Thank you for your loyal support.

Delivering Affordable Healthcare

Access to cost-effective out-of-hospital medicines and primary care clinic services is one of the cornerstones of Bestmed's service delivery to its members. Our goal is to provide you with top-quality pharmaceutical services at affordable prices and to achieve this, we maintain the **Bestmed Pharmacy Preferred Provider Network (PPN)**. This PPN offers you a footprint of 1 741 pharmacies, enabling you to get the best possible pharmaceutical services and care across all Scheme options.

These pharmaceutical services include advice on, and dispensing of, chronic, acute and over-the-counter (OTC) medication for the management of minor ailments, as well as a wide range of primary care clinic services. By making use of the Bestmed Pharmacy PPN, you will have no or minimum co-payments.

The Bestmed Pharmacy PPN consists of 443 independent pharmacies, 7 independent pharmacy groups and 14 corporate groups, including retail, courier and hospital pharmacies. For your convenience, we have attached a list of the corporate and courier pharmacy groups, and of the independent pharmacies.

Accessing the Bestmed Pharmacy PPN

Many of our Bestmed members make use of the Bestmed Pharmacy PPN. The contact details of these pharmacies are available on the Bestmed mobile App and on the Bestmed website via the Login Portal. The mobile App is available for free download for iOS ([Apple App Store](#)) and Android ([Google Play Store](#)) smart devices.
